ABOUT O&T

O&T Construction Group coordinates construction, roofing, facility, property, and disaster-response solutions. We align field teams and specialty subcontractors with disciplined oversight, clear communication, and quality control.

CORE COMPETENCIES

- Construction and commercial-roofing coordination
- Facility maintenance and repair support
- Property, vendor, and subcontractor management
- Disaster recovery and emergency response
- Compliance, logistics, and quality control

WHY O&T

PROVEN LEADERSHIP

20+ years of federal acquisition, procurement, operations, logistics, and contract-administration experience.

PROJECT DISCIPLINE

Defined check-ins, performance evaluation, closeout review, and clear client communication.

RESPONSIVE WORKFORCE

Field teams and specialty subcontractors matched to project scope, schedule, and requirements.

CORE SERVICE DIVISIONS

CONSTRUCTION MANAGEMENT

Project oversight, scheduling, subcontractor coordination, documentation, and quality control.

COMMERCIAL ROOFING

Installation support, repairs, inspections, and maintenance coordination.

FACILITY MAINTENANCE

Preventive and corrective maintenance, renovations, and building repairs.

PROPERTY MANAGEMENT

Asset oversight, tenant coordination, inspections, and vendor management.

DISASTER RECOVERY

Debris-removal support, site stabilization, temporary repairs, and mobilization.

PRIMARY NAICS CODES

236220 Commercial & Institutional Building Construction

238160 Roofing Contractors

561210 Facilities Support Services

562910 Remediation Services

CLIENT-FOCUSED DELIVERY

Defined reporting, schedule and quality coordination, documented closeout, and responsive planning for routine or urgent requirements.
